

Index to NLGI SPOKESMAN

VOLUME L

April 1986 — March 1987

Index by Authors

Burrows, Aubrey L. and Korosec, Phillip S., *Performance Profile of Modern Tractor Transmission Lubricants*, January 1987, (10)

Cameron, David H., *President's Address*, December 1986, (9)

Deelen, Jan G.F. and Polishuk, Arthur T., *A Modern Lubricating Grease Plant Layout*, May 1986, (2)

Fennema, Roger L. and Hanley, William J., *Technology and Lubrication of the 1987 Automobiles*, January 1987, (10)

Foushee, James A., *New Generation Grease Cartridges*, July 1986, (4)

Gatza, Paul E., *Compatibility of Wheel Bearing Seal Elastomers with MIL-G-10924 Greases*, November 1986, (8)

Gesdorf, Edward J., Gordon, Joseph R. and Czerwinski, James, *Dispensing Grease in Central Systems — Problems and Solutions: Seminar*, September, 1986 (6)

Hamilton, James R. and Henderson, David W., *All Plastic 14 oz. Grease Cartridge*, July, 1986 (4)

Harper, Robert J., *Oil Test — A Preventive Maintenance Program for Agricultural Equipment*, January 1987, (10)

Harris, John W., *Procedures for the Milling of Clay-Based Greases*, August 1986, (5)

Hunter, Claude, *Load Wear Index vs. Weld Point Correlation in the Four-Ball Extreme Pressure Test*, April 1986, (1)

Huseljc, Dr. H. and Huseljc, N., *Postwar Development, Production and Application of Lubricating Greases in Yugoslavia*, June 1986, (3)

Kageyama, H.; Moriuchi, T. and Machidori, W., *Grease Lubrication in Elastohydrodynamic Contacts Part III*, October 1986, (7)

LaRue-Snedden, Lisa, *The Spokesman — Yesterday, Today and Tomorrow*, April 1986, (1)

Lauret, J.H.M., *Worldwide Marketing of Bearing Greases*, February 1987, (11)

Lepinske, Gerald, *How a Small Laboratory Characterizes Aromaticity in Lube Oil*, February 1987, (11)

Magauran, E.D.; Chiavoni, A. and Reichert, W.W., *Studies of the Behavior of Dispersed Organoclays in Grease Systems*, June 1986, (3)

Polishuk, Arthur T., *Fifty Years of Technical Service to the Lubricating Grease Industry*, April 1986, (1)

Rastegar, Freidoon and Winer, Dr. Ward O., *On the Traction and Film Thickness Behavior of Greases in Concentrated Contacts*, August 1986, (5)

Reichert, W.W.; Chiavoni, A., and Kieke, M.D., *Effective Utilization of Organoclay Dispersants*, March 1987, (12)

Risdon, Thomas, *Evaluation of MoS₂ in Newer Grease Thickeners*, September 1986, (6)

Shoup, Lyle, *Maintenance of Lubricant Pumping Equipment*, March 1987, (12)

Sparrow, Scott D., *An Overview of Diester Based Gear Oils for Industrial Machinery*, May 1986, (2)

Stadler, J.F., *Effect of Milling Lithium Greases*, June 1986, (3)

Stemke, Jeffrey E., *Proposed ISO Performance-Based Grease*

Classification System, May 1986, (2)

Taigen, Louis, New Challenge in Petroleum Marketing, December 1986, (9)

Waring, Roy L., What Every Greases Marketer Should Know About Manufacturing — Lithium Greases, July 1986, (4)

Index by Title

All Plastic 14 oz Grease Cartridge, Hamilton, James R. and Henderson, David W., July 1986, (4)

Compatibility of Wheel Bearing Seal Elastomers with MIL-G-10924 Greases, Gatz, Paul E., November 1986, (8)

Dispensing Grease in Central Systems—Problems and Solutions: Seminar, Gesdorf, Edward J.; Gordon, Joseph R. and Czerwinski, James, September 1986, (6)

Effect of Milling Lithium Greases, Stadler, J.F., June 1986, (3)

Effective Utilization of Organoclay Dispersants, Reichert, W.W.; Chiavoni, A., and Kicke, M.D., March 1987, (12)

Evaluation of MoS₂ in Newer Grease Thickener Systems, Risdon, Thomas, September 1986, (6)

Fifty Years of Technical Service to the Lubricating Grease Industry, Polishuk, Arthur T., April 1986 (1)

Grease Lubrication in Elastohydrodynamic Contacts Part III, Kageyama, H.; Moriuchi, T. and Machidori, W., October 1986, (7)

How a Small Laboratory Characterizes Aromaticity in Lube Oil, Lepinske, Gerald, February 1987, (11)

Load Wear Index vs. Weld Point Correlation in the Four-Ball Extreme Pressure Test, Hunter, Claude, April 1986, (1)

Maintenance of Lubricant Pumping Equipment, Shoup, Lyle, March 1987, (12)

A Modern Lubricating Plant Layout, Deelen, Jan G.F. and Polishuk, Arthur T., May 1986, (2)

New Challenge in Petroleum Marketing, Taigen, Louis, December 1986, (9)

New Generation Grease Cartridges, Foushee, James A., July 1986, (4)

Oil Test — A Preventive Maintenance Program for Agricultural Equipment, Harper, Robert J., January 1987, (10)

An Overview of Diester Based Gear Oils for Industrial Machinery, Sparrow, Scott D., May 1986, (2)

Performance Profile of Modern Tractor Transmission Lubricants, Burrows, Aubrey L. and Korosec, Phillip S., January 1987, (10)

Postwar Development, Production and Application of Lubricating Greases in Yugoslavia, Huseljic, Dr. H. and Huseljic, N., January 1986, (3)

President's Address, Cameron, David H., December 1986, (9)

Procedures for the Milling of Clay-Based Greases, Harris, John W., August 1986, (5)

Proposed ISO Performance-Based Grease Classification System, Stemke, Jeffrey E., May 1986, (2)

The Spokesman — Yesterday, Today and Tomorrow, LaRue-Snedden, Lisa, April 1986, (1)

Studies of the Behavior of Dispersed Organoclays in Greases Systems, Magauran, E.D.; Chiavoni, A. and Reichert W.W., June 1986, (3)

Technology and Lubrication — the 1987 Automobiles, Fennema, Roger L. and Hanley, William J., January 1987, (10)

On the Traction and Film Thickness Behavior of Greases in Concentrated Contacts, Rastegar, Freidoon and Winer, Dr. Ward O., August 1986, (5)

What Every Grease Marketer Should Know About Manufacturing — Lithium Greases, Waring, Roy L., July 1986, (4)

Worldwide Marketing of Bearing Greases, Lauret, J.H.M., February 1987, (11)

Index By Category

Gear Lubricants

An Overview of Diester Based Gear Oils for Industrial Machinery, Sparrow, Scott D., May 1986, (2)

Performance Profile of Modern Tractor Transmission Lubricants, Burrows, Aubrey L. and Korosec, Phillip S., January 1987, (10)

General

How a Small Laboratory Characterizes Aromaticity in Lube Oils, Lepinske, Gerald, February 1986, (11)

President's Address, Cameron, David H., December 1986, (9)

Marketing

New Challenge in Petroleum Marketing, Taigen, Louis, December 1986, (9)

Oil Test — A Preventive Maintenance Program for Agricultural Equipment, Harper, Robert J., January 1987, (10)

Performance Profile of Modern Tractor Transmission Lubricants, Burrows, Aubrey L. and Korosec, Phillip S., January 1987, (10)

Postwar Development, Production and Application of Lubricating Greases in Yugoslavia, Huseljic, Dr. H. and Huseljic, N., January 1986, (3)

Technology and Lubrication — the 1987 Automobiles, Fennema, Roger L. and Hanley, William J., January 1987, (10)

What Every Grease Marketer Should Know About Manufacturing — Lithium Greases, Waring, Roy L., July 1986, (4)

Worldwide Marketing of Bearing Greases, Lauret, J.H.M., February 1987, (11)

NLGI

Fifty Years of Technical Service to the Lubricating Grease Industry, Polishuk, Arthur T., April 1986, (1)

The Spokesman — Yesterday, Today and Tomorrow, LaRue-Snedden, Lisa, April 1986, (1)

Lubricating Greases — Additives

Dispensing Grease in Central Systems — Problems and Solutions: Seminar, Gesdorf, Edward J.; Gordon, Joseph R. and Czerwinski, James, September 1986, (6)

Evaluation of MoS₂ in Newer Grease Thickener Systems, Risdon, Thomas, September 1986, (6)

Lubricating Greases — Characteristics

Compatibility of Wheel Bearing Seal Elastomers with MIL-G-10924 Greases, Gatz, Paul E., November 1986, (8)

Grease Lubrication in Elastohydrodynamic Contacts Part III, Kageyama, H.; Moriuchi, T. and Machidori, W., October 1986, (7)

On the Traction and Film Thickness Behavior of Greases in Concentrated Contacts, Rastegar, Freidoon and Winer, Dr. Ward O., August 1986, (5)

Lubricating Greases — Containers

All Plastic 14 oz Grease Cartridge, Hamilton, James R. and Henderson, David W., July 1986, (4)

New Generation Grease Cartridges, Foushee, James A., July 1986, (4)

Lubricating Greases — Manufacture

Effect of Milling Lithium Greases, Stadler, J.F., June 1986, (3)

Effective Utilization of Organoclay Dispersants, Reichert, W.W., Chiavoni, A. and Kieke, M.D., March 1987, (12)

A Modern Lubricating Grease Plant Layout, Deelen, Jan G.F. and Polishuk, Arthur T., May 1986, (2)

Postwar Development, Production and Application of Lubricating Greases in Yugoslavia, Huseljic, Dr. H. and Huseljic, N., June 1986, (3)

Procedures for the Milling of Clay-Based Greases, Harris, John W., August 1986, (5)

Studies of the Behavior of Dispersed Organoclays in Grease Systems, Magauran, E.D.; Chiavoni, A.; and Reichert, W.W., June 1986, (3)

Lubricating Greases — Methods of Application

Dispensing Grease in Central Systems — Problems and Solutions: Seminar, Gesdorf, Edward J.; Gordon, Joseph R. and Czerwinski, James, September 1986, (6)

Maintenance of Lubricant Pumping Equipment, Shoup, Lyle, March 1987, (12)

Lubricating Greases — Non-Soap Thickeners

Effective Utilization of Organoclay Dispersants, Reichert, W.W.; Chiavoni, A., and Kieke, M.D., March 1987, (12)

Studies of the Behavior of Dispersed Organoclays in Grease Systems, Magauran, E.D., Chiavoni, A. and Reichert, W.W., June 1986, (8)

Lubricating Greases — Packaging

All Plastic 14 oz Grease Cartridge, Hamilton, James R. and Henderson, David W., July 1986, (4)

New Generation Grease Cartridges, Foushee, James A., July 1986, (4)

Lubricating Greases — Processing

Effect of Milling Lithium Greases, Stadler, J.F., June 1986, (3)

Procedures for the Milling of Clay-Based Greases, Harris, John W., August 1986, (5)

Lubricating Greases — Requirements

Compatibility of Wheel Bearing Seal Elastomers with MIL-G-10924 Greases, Gatza, Paul E., November 1986, (8)

Lubricating Greases — Rheological Properties

Dispensing Grease in Central Systems — Problems and

Solutions: Seminar, Gesdorf, Edward J.; Gordon, Joseph R., and Czerwinski, James, September 1986, (6)

Grease Lubrication in Elastohydrodynamic Contacts Part III, Kageyama, H.; Moriuchi, T. and Machidori, W., October 1986, (7)

On the Traction and Film Thickness Behavior of Greases in Concentrated Contacts, Rastegar, Freidoon and Winer, Dr. Ward O., August 1986, (5)

Lubricating Greases — Testing and Quality Assurance

Evaluation of MoS₂ in Newer Grease Thickener Systems, Risdon, Thomas, September 1986, (6)

Load Wear Index vs. Weld Point Correlation in the Four-Ball Extreme Pressure Test, Hunter, Claude, April 1986, (1)

Lubricating Greases — Classification

Proposed ISO Performance-Based Grease Classification System, Stemke, Jeffrey E., May 1986, (2)
